OUR STORY

Different men. Different Looks.

Stories, experiences, different lives.

A polyphony of voices. Same sensibility.

Elegance in every moment of the day. Style in each gesture. Different men with common taste. For life, for fashion. Men who share the same values.

Paul & Shark FW'23 is evolving towards circularity, in the everyday use of garments that become more beautiful the more they are worn. Paul & Shark Archive garments are reinterpreted and brought to contemporary, reaching a deeper meaning.

The daily lifestyle concept, the timeless elegance of linen, the versatility of marine-inspired garments. The inclusiveness of pure creativity: it is not a "concept" but the nowadays reality, that transcends gender, age, and nationality.
